School Data & Performance

KS1 Assessment Results 2017-18 to 2019-20

Schools are required to publish KS1 data on their website, showing their most recent results. The following tables provide statistical information comparing our pupils' attainment and achievement compared to their Wirral and National counterparts. (Wirral & National figures are provisional.)

*FFT produced a national analysis of KS1 results based on pupil teacher assessment data uploaded by schools using the FFT Service in Summer 2020. The 2020 data is for school use only and is not intended to be used for external comparison. **No test data available for Summer 2020** means this is teacher assessment data only.*
