

**BHSA GENERAL AREA / ACTIVITY RISK ASSESSMENT TEMPLATE**

<b>Activity:</b> V22 (GDST V20) Schools Open for All Pupils - Living with Covid - Effective from 1st April 2022	<b>Date:</b> 3rd May 2022
---	---------------------------

<b>Assessor:</b> Lindsey Owen	<b>Re-assessment date:</b> ongoing
-------------------------------	------------------------------------

<b>This is the 'Whole Academy - Normal Operations' Sheet</b>	
--	--

<b>What is the hazard?</b>	Coronavirus / COVID -19 including all new variants of the virus
<b>Why is it a risk?</b>	People could become infected (directly and indirectly) and then become seriously ill, or pass the infection onto other members of the people they live with, who could become seriously ill
<b>Who is at risk?</b>	All staff, pupils and any contractors or visitors attending school

**Key Guidance Documents**

Control Measures - NORMAL OPERATION	Tolerable Action Required	Notes / Further Action Required
<b>Who Can Come to School?</b>		
<b>English Schools</b> All pupils should attend school in person	Tolerable	
Most people who were previously classed as ' <b>clinically extremely vulnerable</b> ' (CEV) are now well protected against Covid-19 after receiving their primary and booster vaccination doses. They can work as normal at school, however, they should be diligent about hand washing and respiratory hygiene in order to protect themselves against coughs, colds and other respiratory viruses.  Staff who were previously classed as CEV should discuss any concerns with their manager. Further guidance is available: - In the Trust Office HR Dept.'s guidance 'Coronavirus-related HR Considerations for Managers' - In the UK Government's Guidance for People Previously Considered Clinically Extremely Vulnerable from Covid 19 - updated April 2022 - In the UK Government's Guidance for People Whose Immune System Means They are at Higher Risk - updated April 2022	Tolerable	<a href="https://www.gov.uk/guidance/guidance-for-people-previously-considered-clinically-extremely-vulnerable-from-covid-19">Guidance for people previously considered clinically extremely vulnerable from COVID-19 - April 2022</a>
Members of staff who are <b>pregnant</b> are strongly advised to get vaccinated against Covid-19.  Healthy pregnant members of staff should come into school / work as normal unless they have specific advice to the contrary from their medical practitioner. However, they should be diligent about hand washing and respiratory hygiene in order to protect themselves against Covid-19 particularly after the 28th week of the pregnancy (3rd trimester).  - A risk assessment must be completed and reviewed regularly if an employee is pregnant, breastfeeding, or has given birth within the last 6 months. Pregnant women should discuss any concerns with their manager.  - Further guidance is available in the Trust Office HR Dept.'s guidance 'Coronavirus-related HR Considerations for Managers' - Advice for employers and pregnant women is published by the NHS and the Royal College of Obstetrics and Gynaecology	Tolerable	NHS - <a href="https://www.nhs.uk/conditions/coronavirus-covid-19/people-at-higher-risk/pregnancy-and-coronavirus/">https://www.nhs.uk/conditions/coronavirus-covid-19/people-at-higher-risk/pregnancy-and-coronavirus/</a>  Royal College of Obstetrics and Gynaecology <a href="https://www.rcog.org.uk/en/guidelines-research-services/guidelines/coronavirus-pregnancy/">https://www.rcog.org.uk/en/guidelines-research-services/guidelines/coronavirus-pregnancy/</a>
<b>Visitors</b> The school should inform visitors:  - NOT to come to school if they are exhibiting symptoms of Covid-19, or have tested positive for Covid-19 within previous 5 days - To practise good hand washing / sanitisation and respiratory hygiene	Tolerable	
<b>Avoiding Contact With Anyone Who is Potentially Infectious / Unwell</b>		
Widespread testing for Covid-19 is no longer freely available and encouraged by the Government, therefore unless there is an outbreak in a school or the local area, staff and pupils are no longer recommended to take regular LFD tests by the GDST. Some staff and other adults that come into school may choose to source and use their own supply of Covid-19 tests, but children and young people under the age of 18 are not recommended to undertake Covid-19 tests unless directed by a health professional.	Tolerable	<a href="https://ukhsa.blog.gov.uk/2022/04/01/what-to-do-if-you-have-symptoms-of-a-respiratory-infection-including-covid-19-or-a-positive-covid-19-test/">https://ukhsa.blog.gov.uk/2022/04/01/what-to-do-if-you-have-symptoms-of-a-respiratory-infection-including-covid-19-or-a-positive-covid-19-test/</a>
<b>Staff and Pupils with Symptoms of Covid-19 who have NOT Taken a Covid-19 test</b>  - Staff and pupils who have symptoms of Covid-19 and have a high temperature (38°C or above), or do not feel well enough to attend work / school should stay at home until their temperature has returned to normal (36.5°C - 37.2°C ) and they no longer feel unwell. - Children and young people with mild symptoms, such as a runny nose, sore throat or slight cough who are otherwise well, can continue to attend school	Tolerable	<a href="https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms/">NHS list of Covid symptoms - April 2022</a>

Control Measures - NORMAL OPERATION	Tolerable Action Required	Notes / Further Action Required
<p><b>Staff and Pupils Who Have a Positive Covid-19 Test Result</b></p> <p>- <b>Staff</b> should stay at home for <b>5 days</b>, commencing from the day after they took their test. If they feel well enough during this time they can work from home. If at the end of the 5 day period they have a high temperature (38°C or above) or feel unwell they should remain at home until they have recovered. So, if they tested positive on a Wednesday, Day 1 is Thursday, Day 5 is Monday - they can return to work on Tuesday.</p> <p>As it is possible to still be infectious for up to 10 days, staff returning to work after 5 days should take extra precautions to avoid infecting other people, e.g: maintaining a good social distance (2m) from other people, wearing a well-fitting multi-layered face covering, ensuring rooms that they occupy are well ventilated, catching coughs and sneezes in disposable tissues which are put straight in the bin, regularly washing their hands, regularly sanitising frequently touched surfaces, and where possible minimising the amount of time spent in communal areas.</p> <p>- <b>Pupils</b> should stay at home for <b>3 days</b>, commencing from the day after they took their test. If at the end of the 3 day period they have a high temperature (Specify) or feel unwell they should remain at home until they have recovered. So, if they tested positive on a Thursday, Day 1 is Friday, Day 3 is Sunday - they can return to school on Monday.</p>	Tolerable	<a href="#">People With Symptoms of a Respiratory Infection Including Covid-19 - April 2022</a>
<p><b>Staff who live in or who have stayed overnight in the household of</b> someone who has tested positive for COVID-19 are at highest risk of being infected. It can take 10 days for the infection to develop. During the 10 day period they should:</p> <ul style="list-style-type: none"> <li>- Avoid contact with anyone they know to be at higher risk of becoming severely unwell or with a severely weakened immune system</li> <li>- Maintain a good social distance (2m) from other people</li> <li>- Wear a well-fitting multi-layered face covering,</li> <li>- Ensure rooms that they occupy are well ventilated,</li> <li>- Catch coughs and sneezes in disposable tissues which are put straight in the bin,</li> <li>- Regularly washing their hands and regularly sanitise frequently touched surfaces</li> <li>- Where possible minimise the amount of time spent in communal areas.</li> </ul>		<a href="#">People With Symptoms of a Respiratory Infection Including Covid-19 - April 2022</a>
<p><b>Pupils who live in, or who have stayed overnight in the household of,</b> someone with COVID-19 should <b>continue to attend school as normal</b>. However they and their parents should be alert for signs that they are developing symptoms of Covid-19 - in which case they should take a Covid-19 test.</p>	Tolerable	<a href="#">People With Symptoms of a Respiratory Infection Including Covid-19 - April 2022</a>
<p><b>Foreign Travel</b></p> <p>'No-one, including staff and pupils, may come onto the school site if they are required to <b>quarantine</b> having recently visited countries on the Government's 'Red' Travel List</p>	Tolerable	<a href="https://www.gov.uk/guidance/travel-to-england-from-another-country-during-coronavirus-covid-19#red-list-countries-and-territories">https://www.gov.uk/guidance/travel-to-england-from-another-country-during-coronavirus-covid-19#red-list-countries-and-territories</a>
<b>Promoting Good Health</b>		
Encourage all staff to have a seasonal flu vaccination		
Encourage all staff and eligible pupils to have their Covid 19 vaccinations, and any boosters as soon as they are eligible for them <a href="http://www.gov.uk/government/publications/covid-19-vaccination-resources-for-schools/covid-19-vaccination-programme-for-children-and-young-people-guidance-for-schools">www.gov.uk/government/publications/covid-19-vaccination-resources-for-schools/covid-19-vaccination-programme-for-children-and-young-people-guidance-for-schools</a>		<a href="#">COVID-19 vaccination: Resources for children and young people</a>
<b>Whole School Precautions</b>		

Control Measures - NORMAL OPERATION	Tolerable Action Required	Notes / Further Action Required
<p><b>Ventilation</b></p> <ul style="list-style-type: none"> <li>- Take proactive steps to identify any poorly ventilated occupied areas (no means of natural ventilation, eg openable windows, or mechanical ventilation, smell stuffy or bad, busy, small or cramped) and take steps to improve the ventilation as necessary. Consider using Carbon Dioxide detectors to identify areas where ventilation needs to be improved.</li> <li>- Keep occupied spaces well ventilated</li> <li>- Maximise fresh air in indoor spaces by natural ventilation, mechanical ventilation or a combination of the two.</li> <li>- Simple ways to improve ventilation include opening doors and windows, and making sure trickle vents (small vents usually on the top of a window) or grilles are open and not blocked.</li> <li>- Doors marked 'Fire door keep shut' should only be held open by 'dorgards' / electromagnetic door holders - never wedged or propped open, and safeguarding risks must not be introduced.</li> </ul> <p>In order to achieve a balance between ventilation and an adequate internal temperature (min 16oC) during the cooler months:</p> <ul style="list-style-type: none"> <li>- Partially open doors and windows to provide ventilation while reducing draughts</li> <li>- Open high level windows in preference to low level windows to reduce draughts</li> <li>- Refresh the air in spaces by opening windows, vents and external doors wide at times which avoid user discomfort, e.g. between lessons or when rooms are not occupied</li> </ul> <p>Where available use external extractor fans to keep spaces well ventilated and make sure that ventilation systems are set to maximise the air flow rate. (Contact the TO Estate Managers to check whether or not the air conditioning systems in your buildings are safe to use). Stand alone electric fans can be used to improve air movement, but they must be placed by an open window facing out, and not used in a room without an open window.</p>	Tolerable	<p>Please refer to:</p> <ol style="list-style-type: none"> <li>1. TO Estates Dept 'Air Conditioning and Ventilation Systems Guidance Notes' circulated by Sean McGarrigle to all DFOs in an email on 26 May 2020 and further guidance issued to all DFOs by Sean McGarrigle on 9 July 2020</li> <li>2. Guidance on CO2 monitors and room purifiers issued to all DFOs by Ben Woolf in February 2022</li> </ol>
<p><b>Hand Hygiene</b></p> <ul style="list-style-type: none"> <li>- Encourage everyone to wash their hands regularly, either with soap and running water or hand sanitiser, eg on arrival at school and at break and lunch times</li> <li>- Provide plentiful supplies of warm water, anti-bactericidal soap and hand drying facilities in all toilets and cloakrooms. Provide signs / posters to remind people about good hand-washing techniques</li> <li>- Provide supplies of sanitiser at all entrance doors to the school, and prominently around the school buildings. Check that alcohol based sanitiser gels are not used in areas where there are naked flames / heat as it is highly flammable (prep room, labs, workshops, kitchens, food tech etc) Remind staff and pupils not to bring their own supplies into these areas</li> <li>- Where possible eliminate hand contact surfaces by fitting non-touch sensors or foot operated pedals eg: <ul style="list-style-type: none"> <li>- on gates &amp; entrance doors used by the majority of staff pupils and visitors</li> <li>- Toilet flushes, WHB taps, soap dispensers, hand dryers</li> <li>- waste bin lids</li> </ul> </li> <li>- Where staff / pupils share equipment, such as computer keyboards / mice / touch screens, they should be regularly cleaned with a sanitising wipe.</li> <li>- Classroom / office doors can be held open to minimise the need to touch door handles/push plates, BUT doors marked 'Fire door' should only be held open by 'dorgards' / electromagnetic door holders - never wedged or propped open</li> </ul>	Tolerable	
<p><b>Respiratory Hygiene</b></p> <p>The 'catch it, bin it, kill it' approach continues to be very important.</p> <ul style="list-style-type: none"> <li>- Provide supplies of tissues in all classrooms, staff rooms &amp; reception areas, and encourage pupils to use them when necessary</li> <li>- Bins should be emptied at least daily. Ideally bins should have lids on them</li> </ul>	Tolerable	

Control Measures - NORMAL OPERATION	Tolerable Action Required	Notes / Further Action Required
<p><b>Face Coverings</b> must be worn:</p> <ul style="list-style-type: none"> <li>- By staff caring for pupils with Covid-19 symptoms, and</li> <li>- By staff cleaning areas that have been occupied by someone with Covid 19 Symptoms.</li> </ul> <p><b>Senior school pupils and adult escorts / supervisors</b> on minibuses and school coaches / buses (dedicated school transport) are recommended to wear face coverings as they are in contact with a wider group of people in a confined space</p> <p>Members of staff and pupils are welcome to wear a face covering at all times if that is what they wish to do so</p> <p>Schools should advise staff and pupils to wear and handle face coverings hygienically including:</p> <ul style="list-style-type: none"> <li>- refrain from touching their face covering when wearing it,</li> <li>- when not wearing it keep it in their pocket, or a small bag (eg money belt)</li> <li>- not put face coverings down on desks, benches and other surfaces (contamination risk)</li> <li>- wash or sanitise their hands immediately after handling their face covering</li> <li>- not touch face coverings that don't belong to them</li> <li>- a clean face covering should be worn each day</li> <li>- temporary face coverings should be disposed of in a 'black bag' waste bin (not a recycling bin)</li> </ul> <p>Discarded or lost face coverings should only be picked up by someone wearing gloves or using a litter picker; they can be disposed of in a 'black bag' waste bin (not a recycling bin)</p>	Tolerable	
<p><b>Signage</b></p> <p>Provide signage in prominent positions around the school to remind everyone of the importance of:</p> <ul style="list-style-type: none"> <li>- Regular handwashing / hand sanitising</li> <li>- Good respiratory hygiene / cough etiquette (catch it, bin it, kill it)</li> <li>- Good ventilation,</li> <li>- Regular cleaning of hand contact surfaces</li> <li>- Regular Covid 19 testing, and</li> <li>- Having a test if you have symptoms of Covid-19.</li> </ul>	Tolerable	
<b>Cleaning</b>		
<p><b>CLEANING</b></p> <p>All desks, tables, work benches, chairs, stools and other regularly used furniture and equipment in all rooms used by staff and pupils should be thoroughly cleaned on a regular basis.</p> <ul style="list-style-type: none"> <li>- All surfaces and tables in <b>dining rooms</b> should be cleaned between different sittings, or if there is one continuous sitting, at regular intervals throughout the service period.</li> <li>- All <b>high frequency hand-contact surfaces</b> should be thoroughly cleaned and disinfected at least daily, particularly key pads / door release buttons, door handles and push plates, handrails and bannisters, wash hand basin taps and toilet flush handles, light switches, interactive whiteboards, tea / coffee making facilities, drinking water dispensers, keyboards, mice, touch screens, telephones, hand operated sanitiser dispensers.</li> <li>- Toilets and handwashing facilities should be should be thoroughly cleaned and disinfected at least daily.</li> <li>- Classroom based resources, such as <b>books and games</b>, and <b>equipment</b> shared between classes /groups should be cleaned and disinfected regularly.</li> </ul>	Tolerable	Alcohol based sanitisers present a fire risk - take sensible precautions
<b>Getting To / From School</b>		

Control Measures - NORMAL OPERATION	Tolerable Action Required	Notes / Further Action Required
<p><b>Public Transport</b>            If staff / pupils use public transport to travel to school encourage them to:            - Wear a face covering whilst travelling (staff and Senior school pupils) as they are in contact with a wider group of people in a confined space</p>	Tolerable	
<b>Lessons / Learning Activities</b>		
<p>Each department should review their activity risk assessments and ensure that the risks associated with Covid-19 infection have been specifically identified and appropriate controls are implemented.</p> <p>- <b>PE &amp; Sports</b> - Follow any sport specific guidance provided by Sport England, the AfPE, and each sport's National Governing Bodies; Maintain good ventilation in indoor PE / sports settings; Avoid sharing equipment used around the head and face such as helmets and face guards; Avoid sharing water bottles or other refreshment containers.</p> <p><b>Music - Instrumental Lessons, Choirs, Group and Ensemble Rehearsals:</b>            - Ensure there is good ventilation in all rooms used for singing and playing woodwind and brass Instruments. Doors and windows should be opened (balanced with temperature and noise concerns); Woodwind, brass and singing lessons/ groups / rehearsals should have priority for larger and better ventilated rooms; Avoid sharing woodwind or brass instruments; - Woodwind and brass instruments that produce drips and/or require draining should have additional controls applied to reduce risk of contaminating the practice room.</p> <p><b>Music and Drama Performances</b>            - Enhanced ventilation should be provided: Organise tickets etc remotely to reduce queues and crowding; Allocate seating where possible and try to spread the audience out and use all available space</p>	Tolerable	
<p><b>Art / DT / Food tech / Textiles</b> lessons - practical activities:            - Refer to CLEAPSS guidance document GL344 'Guide to doing practical work during Covid pandemic – D&amp;T, Food and Art' (Senior schools)            - Alcohol based sanitiser should NOT be used in classrooms, studios, workshops or prep rooms where there are naked flames due to the fire risk</p>	Tolerable	<a href="http://dt.cleapss.org.uk">CLEAPSS Art / DT website http://dt.cleapss.org.uk</a>
<p><b>Science</b> lessons - practical activities:            - Refer to CLEAPSS guidance document GL343 'Guide to doing practical work during Covid pandemic – Science' (Senior schools).            The following practical activities should not be carried out. Cheek cell sampling, Lung volume / capacity &amp; other breathing-based activities; activities which make use of saliva; activities which make use of straws or other equipment for blowing through e.g. blowing through lime water or using a musical instrument which you blow into to create a sound.            - Alcohol based sanitiser should NOT be used in labs or prep rooms where Bunsen burners are used or there are any other naked flames, due to the fire risk</p>	Tolerable	<a href="http://science.cleapss.org.uk">CLEAPSS Science website http://science.cleapss.org.uk</a>
<p><b>Wrap-Around' Care and Extra Curricular Clubs</b>            - All Before / After School Care and extra curricular clubs can operate both inside and outside activities for all pupils            - For all activities you should still encourage good respiratory and hand hygiene            - Ensure equipment and facilities are regularly cleaned and maintain good ventilation in indoor settings.            - Monitoring attendance and keeping good records is good practice.</p>	Tolerable	

Control Measures - NORMAL OPERATION	Tolerable Action Required	Notes / Further Action Required
<p><b>UK Based School Trips / Educational Visits / Duke of Edinburgh Activities</b></p> <p>Educational <b>day</b> and <b>residential</b> trips can take place providing appropriate controls are in place including:</p> <ul style="list-style-type: none"> <li>- The school's trip / visit risk assessment considers the risks associated with Coronavirus, including how to reduce the risk of infection from people staff &amp; pupils come in contact with during the visit, and action to take in the event of a pupil or member of staff suffering from Covid symptoms or testing positive whilst on the trip.</li> <li>- Ensuring venues / activity providers / accommodation providers have good Covid risk assessments and procedures. Expect to see controls regarding people with Covid symptoms, good respiratory and hand hygiene, cleaning regimes for equipment and facilities, and ventilation of indoor settings.</li> <li>- Covid infection risks during travel to / from the venues are considered as part of the visit risk assessment. Senior school pupils and adults are recommended to wear face coverings on minibuses, coaches and public transport</li> <li>- Water bottles or other refreshment containers should not be shared. Advise participants to bring their own water bottle or refreshment container in a labelled or highly distinguishable container.</li> <li>- Take supplies of antiseptic hand gel, antiseptic wipes, tissues, bags for waste and spare face coverings with you</li> <li>- Arrangements need to be in place in case any pupil, member of staff or adult supervisor starts to display Coronavirus symptoms or tests positive whilst on a school trip. This would include isolating them from the rest of the group and arrangements for them to return home as soon as possible. Parents need to be aware that they may be asked to collect their daughter from the trip venue if they become ill.</li> </ul>	Tolerable	<p>The Outdoor Education Advisers' Panel have produced a document with useful advice on planning and managing outdoor learning and off-site visits during the Covid-19/coronavirus pandemic <a href="https://oeapng.info/downloads/download-info/4-4k-coronavirus/">https://oeapng.info/downloads/download-info/4-4k-coronavirus/</a></p>
<p><b>International Educational Visits</b></p> <p>School trips can take place in countries on the Government's 'green' list. However caution is advised as the list is subject to frequent and short notice changes - see specific separate guidance from OEAP for both expeditions and overseas trips <a href="https://oeapng.info/downloads/download-info/7r-overseas-visits/">https://oeapng.info/downloads/download-info/7r-overseas-visits/</a></p> <p>Before starting to organise future international visits schools are advised to speak to their visit provider and GDST Finance Department to assess protection available when it comes to Covid insurance and payment. You must also carefully consider the implications in the event of the group having to quarantine for a significant period of time in a national facility, either in a foreign country or on return to the UK, in the event that short notice controls are implemented and the group cannot return to the UK before they take effect.</p>	Tolerable	<p><a href="https://www.gov.uk/guidance/travel-abroad-from-england-during-coronavirus-covid-19">https://www.gov.uk/guidance/travel-abroad-from-england-during-coronavirus-covid-19</a></p>

<b>Whole School Activities</b>		
<p><b>Events</b></p> <ul style="list-style-type: none"> <li>- Events, eg Parents Evenings, Open Days, Sports Days, Taster Days, Speech Days, Concerts, Performances, Fairs, Fetes, Celebration and Social events can take place in person providing an <b>event specific risk assessment</b> has been completed and sensible Covid controls are identified and implemented</li> <li>- For all activities you should still encourage good respiratory and hand hygiene and have good ventilation in indoor settings.</li> <li>- The total number of participants, audience / spectators must be aligned with the available space and ventilation rates</li> </ul>	Tolerable	

Control Measures - NORMAL OPERATION	Tolerable Action Required	Notes / Further Action Required
<p><b>Exams</b> (including entrance exams / assessments)</p> <ul style="list-style-type: none"> <li>- Candidates who are unwell with Covid-19 symptoms, or who have tested positive for Covid-19 within the previous 3 days are advised to stay at home; alternative arrangements should be made for the candidate to sit the exam - The DfE guidance '<i>Everything You Need to Know About Covid Measures During Exams this Summer</i>'</li> <li>- Exam rooms should be set up in line with the Joint Council of Qualifications (JCQ) guidance <a href="https://www.jcq.org.uk/wp-content/uploads/2021/08/ICE_21-22_v6.pdf">https://www.jcq.org.uk/wp-content/uploads/2021/08/ICE_21-22_v6.pdf</a></li> <li>- All exam rooms must be well-ventilated and cleaned on a daily basis</li> <li>- Hand sanitiser should be available at the entrance to the exam rooms</li> <li>- Candidates should bring their own equipment (pencils/pens/calculators etc.) tissues and water bottles</li> </ul>	Tolerable	<a href="#">Everything You Need to Know About Covid Measures During Exams this Summer - DfE - April 2022</a>
<p><b>All Lets</b></p> <ul style="list-style-type: none"> <li>- Lets can take place for all activities, indoors and outdoors</li> <li>- Both the school and the hirer must complete a risk assessment / protocol to indicate how the risks of Covid-19 infection will be controlled during the let. Factors to consider include: <ul style="list-style-type: none"> <li>- How the let will ensure good ventilation during the let</li> <li>- Responsibilities for monitoring to ensure controls identified in the risk assessment are being complied with</li> <li>- Responsibilities for cleaning of facilities before / after the let</li> <li>- Insurance</li> </ul> </li> <li>- The areas used must be cleaned on a daily basis</li> <li>- The areas used must be well ventilated before and after the let</li> </ul>	Tolerable	
<p><b>First Aid</b></p> <ul style="list-style-type: none"> <li>- Where an injured person needs hands-on care, a fluid resistant surgical mask, disposable gloves and a disposable apron should be worn.</li> <li>- After first aid treatment has been given, used PPE should be disposed of with normal 'black bag' waste (not recycled waste), hands should be washed thoroughly with soap and water at the earliest opportunity</li> <li>- All first aiders and first aid kits should be supplied with mouth-to-mouth resuscitation protection (masks with a one-way valve and filter that can be used on a casualty to enable mouth-to-mouth resuscitation to take place safely)</li> </ul>	Tolerable	
<b>Medical Provision and Action in Event of Suspected or Confirmed Case of Covid-19 (Coronavirus) in School</b>		
<p>Ensure that at least one adult with a current First Aid qualification is present on each operational school site during the normal school day. If EYFS children are on site, one person with a full <b>Paediatric First Aid</b> certificate must also be on site</p>		
<p><b>PPE for School Staff Who Have to Look After Pupils Who Fall Ill With Covid-19 Symptoms Whilst at School</b></p> <p>School Nurses and all staff that give direct personal care to / supervise pupils who fall ill with Covid-19 symptoms whilst at school must have access to full PPE - disposable gloves &amp; aprons, an appropriate face mask e.g. fluid resistant surgical masks or CE marked FFP2 respirator, and face visor, and wear it if a distance of 2m can't be maintained between themselves and the sick person. Face masks must:</p> <ul style="list-style-type: none"> <li>- fit closely around the face and cover both the nose and mouth</li> <li>- not be allowed to dangle around the neck</li> <li>- not be touched once put on, except when carefully removed before disposal</li> <li>- be changed when they become moist or damaged</li> <li>- be worn once and then discarded</li> <li>- hands must be washed after disposal</li> </ul> <p>Training should be provided in how to safely don and doff PPE (see GDST guidance note). Training should be recorded</p>	Tolerable	

Control Measures - NORMAL OPERATION	Tolerable Action Required	Notes / Further Action Required
<p>All disposable PPE used by the School Nurse / staff whilst they look after pupils who fall ill with Covid-19 symptoms whilst at all school should be carefully disposed of by double bagging it (bags tied once full). The bags should be stored securely for 72 hours then thrown away in the regular rubbish stream.</p>	Tolerable	
<p><b>Pupils</b> developing symptoms of Covid-19 whilst at school, or with a positive result from an LFD test taken in school, should be separated from other pupils whilst arrangements are made for them to go home as soon as possible - follow the detailed guidance in '<i>Guidance for Full Opening: Schools</i>'. If they are old enough, the pupil should be isolated in a room with the door closed and a window open for ventilation. If they are not old enough to be in the room by themselves, they should have appropriate adult supervision. As much as possible, the supervisor should keep at least 2m away from the child, and they should wear full PPE if this is not possible. If they need to go to the toilet whilst waiting to be collected, they should use a separate WC which must be cleaned and disinfected before being used by anyone else.</p>	Tolerable	
<p><b>Cleaning areas occupied by someone with suspected Coronavirus (COVID-19)</b></p> <ul style="list-style-type: none"> <li>- If an area can be kept closed and secure for 72 hours, wait until this time has passed before cleaning as the amount of virus living on surfaces will have reduced significantly by 72 hours</li> <li>- People undertaking cleaning duties should wear disposable or 'washing-up' gloves and aprons for cleaning.</li> <li>- Equipment - use disposable cloths, paper towels/roll, disposable mop heads</li> <li>- Chemicals - recommended cleaning chemicals are 'a combined detergent disinfectant solution at a dilution of 1,000 parts per million available chlorine' OR 'a household detergent followed by disinfection (1000 ppm available chlorine). Follow manufacturer's instructions for dilution, application and contact times for all detergents and disinfectants'. If an alternative disinfectant is used it must be certified as effective against enveloped viruses</li> <li>- Do <b>not</b> use bleach - there are serious H&amp;S risks associated with this product</li> <li>- If novel cleaning techniques are considered, eg fogging, misting or the use of UV, it is essential that they are scientifically proven to be at least as effective as traditional cleaning methods in the school environment, and are suitable for the areas and circumstances in which they are to be used</li> <li>- All surfaces that the symptomatic person has come into contact with should be cleaned and disinfected, especially all potentially contaminated and frequently touched areas. Practice one site, one wipe, in one direction.</li> <li>- Using a disposable cloth, first clean hard surfaces with warm soapy water, then disinfect these surfaces</li> <li>- Wash hands regularly with soap and water for 20 seconds, and after removing gloves, aprons and other protection used while cleaning</li> <li>- All waste (gloves, aprons, paper towels, disposable cloths and mop heads, etc) should be double-bagged (bags tied once full), then stored securely for 72 hours then thrown away in the regular 'black bag' rubbish after cleaning is finished</li> <li>- If an area has been heavily contaminated, such as with visible bodily fluids, from a person with suspected coronavirus, use protection for the eyes, mouth and nose (fluid resistant surgical masks or CE marked FFP2 respirator and face visor), as well as wearing gloves and an apron</li> <li>- Items that cannot be cleaned using detergents or laundered, for example, upholstered furniture should be steam cleaned</li> <li>- Any items that are heavily contaminated with body fluids and cannot be cleaned should be disposed of</li> </ul>	Tolerable	
<p><b>Communication and Training</b></p>		
<p>All training given to staff in ways to minimise the risk of contracting or spreading Covid-19 infection should be recorded</p>		
<p>Schools must clearly communicate their Covid-Secure procedures to all staff (including peripatetic staff, cover staff and external coaches), pupils, parents, visitors and contractors</p>		
<p><b>Area / Activity Risk Assessments</b></p>		
<p>All Heads of Department must review the risk assessments for the areas / activities that they are responsible for to identify if Covid-19 introduces any additional risks, and if so, appropriate controls need to be documented and implemented</p>		
<p><b>Monitoring</b></p>		

<b>Control Measures - NORMAL OPERATION</b>		<b>Tolerable Action Required</b>	<b>Notes / Further Action Required</b>
SLT will undertake monitoring activities, such as spot checks to confirm that all the controls necessary to minimise the risk of contracting or spreading Covid-19 infection are effective and being implemented at all times throughout the school
