

15<sup>th</sup> January 2021

Dear Parents and Carers,

You will have read in the letter yesterday that the Junior School teachers will be providing an optional Google Meet session for the pupils at home on a Monday and Friday. One week this will be provided by your daughter/ward's class teacher whilst they are working from home; the following week it will be provided by the other class teacher in that year group.

Each Monday and Friday, the teacher will post a link to the Google Meet on the stream of your daughter/ward's Google Classroom just prior to the meeting beginning.

To enter the meeting, you simply click the link.

The teacher will inform you of the meeting time via the stream at the beginning of the morning/the evening before. There will be some regularity to the timings but it may differ from one staff member to the next.

Please ensure all guidance sent out yesterday is followed and share the tips with your daughter/ward. Please be advised that the staff will be recording all Google Meets for safeguarding purposes.

We hope that this technology will provide a wonderful opportunity for our pupils to continue their social interaction with their peers in a safe space and allow them to still feel connected to their teacher and our BHSA community.

Yours faithfully,

Mrs M. Ramsbottom  
**Head of Junior School**
